

# Family Friendly Kids

The Family Friendly Kids have decided that a holiday isn't really a holiday if you don't have cool kids games. Even though mum and dad supply heaps of stuff free for guests, we think bikes and Xboxes are what kids really want when they are on holidays.

## MUM & DAD:

Kids bored? Have nothing to do? The Family Friendly Kids have the solution!

Rent an Xbox with 1 game + 2 controllers + cords etc for \$10 per week \* + \$100 security deposit (to our mum and dad)

Extra games and controllers \$2 per week - please advise BOY - GIRL - AGE - G/M/MA rating.

Rent kids bikes - prices range from \$5 to \$20 per week depending on the bike (helmet included) (minimum 4 week stays) \* #

\* depending on availability

# mums & dads you must supervise your kids at all times, helmets are compulsory in Australia, you must follow road rules and you must check the bike is roadworthy every time before your children use the bike

We looked at how much it costs to hire an Xbox from [www.radio-rentals.com.au](http://www.radio-rentals.com.au) and found that you had to hire it for a minimum time of 18 months. Check out the rates on their website, you'll find we only charge about the same rate per week, but you only have a minimum of 4 weeks with us! To compare prices you can ring Radio Rentals: 825 Zillmere Rd Aspley (07) 3862 8900

To book please email: [fullerkids@familyfriendlyhomes.com.au](mailto:fullerkids@familyfriendlyhomes.com.au) You can pay mum and dad and they will give the money to us.
